

Illinois Department of Transportation

Danville Main Street (US 136) from Pine Street to Collett Street

April 13, 2006

For the Week of April 16 to 22, 2006

Storm sewer construction will continue in the center of Main Street. It will proceed west from Park Street and reach Lauhoff Street at the end of the week.

A storm sewer will also be tunneled under the Norfolk Southern Railroad on April 17th.

At times, the center turn lane will be closed at intersections. This will result in a side street closure, for left turning vehicles.

Elizabeth and Park will be closed this week to motorists who would turn across the middle of Main Street on their route. There will be a trench in the center turn lane for the storm sewer. Cross traffic will not be permitted. Lauhoff Street will be closed later in the week.

Please use caution when driving in the work zone.

Please obey the 20 mph speed limit in the construction zone.

There will be moderate delays and congestion this week

For your safety, please stay out of work areas, and obey the sidewalk closed signs.

Please be aware that Danville Mass Transit might alter bus routes. Please contact them for more information.
